Tweeter Driver	1"*1
Material	ABS enclosure, metal grille and clamps
Cutout Size	Φ 170mm
Dimension	Φ 188*76mm
Finish	White

Dimension:

Installation Steps:

① Cut Ceiling Hole

② Connect Wiring

③

Retract the 2 Snap Clamps on the speaker into their open position.

Then push the speaker up through the ceiling opening.

When Clamp Arms press against the ceiling, the Snap Clamps will rotate and clamp down closed to the ceiling surface.

④

When inserted correctly, both 2 SnapClamps will be in the snap down position, thus securing the speaker securely into position in the ceiling.
